**Disclaimer and hold harmless A4F TACTICAL of any wrong doing:** Some students have taken more than 6-hours to complete the online course. This depends on each student. Between taking notes and test time varies from each student. Sometimes in our classroom setting with this same presentation can take 7 hours to complete in the classroom. The gun range training time can take over 2-hours to complete. Again it depends on each student. Some students need a little extra time and extra help and training from our Instructors to get them properly trained. There is no guarantee for anyone will pass this course. For safety violations and or other reasons the Instructor can fail a student if the student cannot meet standards. We have the right to revoke our training certificates if an Instructor believes a student cheated the course in any way or failed a skill level. *If a student does fail a skill level we are willing to work with the student including coming back on another day for additional training usually without additional charge.* If this online course does not operate correctly for you please let us know immediately so that we can make corrections. With websites and courses, programs, software, bug patches there are many moving parts If any part needs to be updated can cause programs to not work correctly. These things can cause an array of issues such as website down, freezes, progression control not working, incorrect timestamps, lessons not showing or skipping, quiz, or test not functioning correctly. Countless things can and do happen with all websites around the world. As an example, one student skipped courses and finished too soon. We noticed and had to go back and reset the entire course for the student. The issue was the license for the course was kicked out because the website PHP was updated. Not the students fault for the course losing progression control but the student failed to inform us he skipped the lesson and only performed the quizzes. We need our students to understand we need you to be honest and let us know if a problem arises so we can address and correct the issue. This online CCW course is meant to take 6 hours with test time and quizzes included. We have the right to add more lessons and or make any changes as we wish or believe needed to keep our students up to date with changing education and training. Our students who are taking our online courses can reach us 7 days a week at 1(877) 365-8051 or email: a4ftactical@gmail.com If no answer please leave a message. We want you to ask questions, we like that, it makes our job enjoyable to help you. If you have questions at the range please ask us. We are here to help you learn. When you come to the range, be prepared because our Instructors may ask you questions from the materials learned on your online course. This course engages our students on a regular bases and we expect and plan this course to increase as engaging and interactive as technologies advance and we come up with more great ideas to make an increasing better experience for our students. When you have completed this online course and you come to our range you have shown that you agree that you have had at least a minimum of 6 hours of classroom training and this must be completed and met before your gun range time training.

I acknowledge as the student that I completed the 6-hour online CCW Course and passed all quizzes and test. I acknowledge the online course engaged me on a regular bases including asking me knowledgeable questions to test my learning from the lessons in the course about the fundamentals of pistol shooting and much more. I acknowledge that it is my full responsibility that if I have questions from the learning lessons I have then and even now the opportunity to ask my Instructors to gain understanding of the course. I acknowledge and believe that I have learned the fundamentals of pistol shooting, the ability to name, explain and demonstrate the rules for safe handling of a handgun, proper handgun and ammunition storage practice, gun owner's responsibilities, causes of firearms accidents, gun safety rules, Ohio concealed carry laws and much more. I acknowledge that if I feel in any way at all I have not met the requirements and or believe I need more classroom training before going to the gun range to continue my 2-hours or more hands-on gun range time that I need to stop now and wait until I have met enough training I feel that I need.
